“White elephant”
2026
acrylic on canvas 80x60
description:
The freedom to wander into the worlds within us.
As kids everything felt big. Especially the grown-ups.
We longed to be lifted up, perhaps we just wanted to feel a little closer
to the sky.

Deep Sea
2026
60x50 acrylic on canvas
When we have been in deep sea for too long,
we learn to float.
To rest. To breathe for a second.
And maybe it is enough for now?

Last cup of coffee
2023
88x58 acrylic mix oil on canvas
Looking for God within while clinging to the last cup of coffee.
When the norms of this world does not fit anymore
fear sneaks in while letting it die

White Plate
2024
24x18 acrylic on canvas
I wonder if I still remember the depth, the weightlessness, the quiet of belonging somewhere vast. How did I end up being so far away from it?

Home
2024
30x20 acrylic on canvas
I recognize everything from my childhood.
The vase is still a vase.
The cup is still a cup.
Everything is where it belongs. Except me.

Glitch
2024
61,5x43 acrylic on wooden board
For a moment, I glitched.
Have we forgotten?

Edge of the univers

description:
A conversation that feels like being on the edge of the universe

Dirty pink
